File No: POL-158-1898-99.

Serial 1

Re the formation of a Police station at the Hesserghatta Water works.

In his letter No. 295/30 dated 18th July 1898, the Superintendent of Police requested sanction to the entertainment of one Duffedar and 8 constables (at a cost of Rs 76 per mensem) to patrol the pipe-line and Telephone offices of the 6 and 11 Station water works and also to watch the Hesserghatta Tank. The additional police applied for was sanctioned temporarily for a period of six months. (Govt Procs No. 156 dated 29th July 1898).

[No reference was made to the Residency → the matter was

Numerous cases of disturbance, wrecking & theft, having been complained of by the Secretary Water Works Committee & reports having been called for by the Resident the Supt of Police, in addition to wrecking the enquiry ordered, & believed,

Water Supply

The files required by are put up As for the printed agreement, please see serial No. 25 of file No. 158 Section clause (d) of para 3 thereof states that the Secretary of State agrees to pay half the cost of "any additional works or any establishments or protective or sanitary measures in connection with the said water-supply, to the execution or entertainment or adoption of which the Secretary of State and the Maharajah may hereafter mutually agree. Under the above condition the Govt of India should pay ½ the cost of the Police force. A reference may be made through the Residency.

Subd. [illegible]

Subs for orders. (26)

In letter $\frac{4433}{460-900}$ of 4 Sept. 1900 (which is in reply to Durban letter No. $\frac{2653}{J\,280}$ of 21-8-00) the Residency have asked the Durban to state what the extent of land has to be patrolled by the proposed Police Force

Copy of the above letter was forwarded to the I. Genl for the required particulars -

In letter of 28: Sept. 1900 the Insp. Genl reserved his opinion till he saw a copy of Durban letter to Residency No. $\frac{2653}{J\,280}$ of 21-8-1900 but forwarded copy of D2 Comrs Docket to him which states that the extent of land to be patrolled by the proposed Police Force is 50 miles as detailed in the 3 subsequent sub. paras.

Now in letter of 15 the I. Genl states that the establishment propose

at Sarbanahally for watching the water work of Co-h Station.

1. 1st Grade Jamadar - No. 25+8+4
1. Lance Naffedar - No. 12+2
4. 1st Class constables - No. 8+1/2
8. 2: Class - do - - No. 7+1/2

No. $\frac{1172}{130}$ of 28 Sept/00

× since rent on 1-10-00

No. 1360 - 158 of 15-10-00

& the Dy Comr is none too large but that the beat duties may be arranged in a more satisfactory manner than what is proposed & the Dy Comr & that he would settle this in personal conference with the Dy Comr & the Pltn asst. Supt. and report to Govt after the proposal is sanctioned.

But the Residency require the information as regards extent to be patrolled before apparently the proposed force is sanctioned.

It is not clear if the settling of the beats would involve change in the extent to be patrolled which is stated to be 50 miles.

OFFICE OF THE

INSPECTOR GENERAL OF POLICE IN MYSORE.

No. 4463 / 379 Dated Bangalore 28 June 1899

Encl.

From

THE INSPECTOR GENERAL OF POLICE IN MYSORE.

To

THE SECRETARY TO THE GOVT. OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS.

Sir,

I have the honor to forward herewith for the orders of Government copy of letter No: 687 dated 11th May 1899 from the Deputy Commissioner, Bangalore, proposing that the temporary Police Establishment of 1 Daffedar and eight Constables sanctioned in Government Proceedings No: 1586-7 / J. 156 dated 29th July 1898 — temporarily for 6 months for watching the Hesserghatta Water-works and pipe line

may be made a permanent establishment with the addition of a Jamedar.

2. The temporary force was sanctioned for affording safety during the construction of the works. The works have now been completed, but the Deputy Commissioner thinks that a permanent Sub-station should be located there with the strength above noted

3. The villages around the tank and the works belong to three different Talukas which makes Police work difficult for the safety of the important water-works which have cost a heavy outlay, and of the officers and large establishment employed on them, it is very desirable to have a local Police station. The Deputy Commissioner proposes to have a Jamedar, as an officer of that status would be more effective in dealing with the upper

Subordinates of the water works Division and of the Durbar and the Civil and Military Station, and this appears to be very desirable.

4. It is understood that a proposal from the Deputy Commissioner for comprising the several villages in a Single Revenue Division under a Deputy Amildar is under the consideration of Government. If this were sanctioned the present proposals will have to be revised and enlarged.

5. But in the meantime I beg to submit for the sanction of Government the recommendation of the Deputy Commissioner to have a Police Station with an establishment as per margin at a cost of Rs 157 per mensem either permanently or temporarily for 6 months pending the decision of Government regarding the formation of a Deputy Amildar's Range.

1 First Grade Jamadar on Rs 25 + 8 house allowance + 4 local allowance
1 Head Constable on Rs 12 + 2 local allowance
4 First Class Constables at Rs 8 + 1-8-0
8 Second Class Constables at Rs 7 + 1-8-0
Total Rs 157

I have the honor to be
Sir
Your most obedient Servant
K. Chandy
for Inspector General of Police

W.

spot by me and the study of actual requirements. I visited the Hessarghatta water works last month and have made a careful study of the question.

2. At present 1 Lance Naffedar on Rs 12 and 8 1st Class Constables on Rs 8 each are posted to watch the Hessarghatta tank and to patrol the delivery channel and the pipe line and Telephone offices of the Durbar and Civil and Military Station water works.

3. Since the temporary establishment of the outpost, cases of mischief by men and cattle to Government property have been of very rare occurrence

4. In letter no: $\frac{460}{220}$ dated 28. 2. 99 (Copy enclosed) the executive engineer Hessarghatta water works Division bring

No: 687
Enc 1

In reply refer to No 4463/329 of 26-5-99

Deputy Commissioners office
Police department
Bangalore District

Dated 11th May 1899 (3/C)

From The Deputy Commissioner
Bangalore District

To The Inspector General of Police in Mysore

Sir,

I have the honor to request that you will be so good as to move the Government for sanction to convert the Patrol outpost temporarily located near Hessarghatta under the Proceedings of Government no: 1586-I/J-156 dated 29th July 1898 into a permanent station for the water works as the need for locating a station there is felt both by the water works department of the Durbar and of the Civil and Military Station. The sanction was given effect to from 1st October 1898 and it expired on the 31 March 1899. This reference was deferred pending a personal inspection of the

to notice the desirability of including the whole of the catchment area of the Hessarghatta Tank within the range of one Police station. Subject to the Territorial Jurisdiction of one Taluk Magistrate. But pending the settlement of the question of transfer of villages lying in the drainage and catchment area of the Hessarghatta tank to the Bangalore Taluk as recommended in this Office Docket no: 1344 dated 26.6.97, to the Secretary to Government the Police Jurisdiction of all the above villages may be exercised by the Amildar of Doddballapur except in regard to the marginally noted villages of Nelamangala Taluk over which the Amildar of the latter Taluk will continue to exercise Jurisdiction.

continue to

Hessarghatta
Dasanahalli
Dwarkandapura
(Jodi)

The tank being now within the limits of two taluks viz. Doddballapur and Nelamangala while the pipe-line runs through the Nelamangala

and Bangalore Taluks, considerable inconvenience is caused whenever cases requiring prompt action

In a case of accidental drowning in the tank recently reported there was much delay in holding the inquest as the part of the tank where the corpse was discovered belonged to Doddaballapur Taluk and the Jamedar had to come all the way from Doddaballapur to hold the inquest.

Considering the importance of watching the tank and patrolling the pipe-line as well as of promptly attending to cases it is highly desirable to post an efficient Jamedar with power to hold inquest for the charge of the Hesaraghatta Station

Further, out of the present strength of the Station viz 1 Daffedar and 8 constables, 3 Constables are employed in patrolling the pipe-line from Lurubanhally to the

Bangalore City, two are located at Sarabanahalli
& here. the Civil and Military
Station water works are located and two
more for patrolling the channel from Hessar
Ghatta tank to Sarabanahalli water works
1 Daffedar and 1 Constable have at least neces-
sarily to be in waiting at the station. There is
therefore none to beat the villages above
referred to and guard the tank all round.

I therefore propose to have at the said
Station the following strength viz.

First Grade Jamedar on Rs 25+8
1 Lance Daffadar ___ on Rs 12
6 First class constables on Rs 8 each
8 2nd class constables on Rs 7 each

The cost of living at the remote and iso-
lated place like Hessarghatta tank works
being necessarily high I would recommend
that in addition to their pay the force at the

thation may be given an allowance as per
following Scale.

Jamedar Horse Allowance Rs 12

Dabbavar Rs 2 per month

Constables Rs 1-8-0 Do

I submit the enclosed proposition
statement for your approval and early
sanction of Government being obtained
thereto.

Enclosure No. 1

Sir,

I have the honor to forward copy of letter from the Superintendent of Conservancy Hessarghatta Sauk regarding the Police Constable stationed on the Sauk bund. Part of the catchment of the Hessarghatta Sauk belongs to the Nelamangala Taluk and part to the Dodballapur Taluk. Much inconvenience is felt thereby. I beg to suggest that the whole of the catchment of the Hessarghatta Sauk, the land

occupied by the Delivery channel, the Pumping Station and the delivery and the rising mains may be all brought under the jurisdiction of one Taluk (preferably the Bangalore Taluk) so that it would be always to prosecute persons infringing the rules and regulations of the Chamarajendra water supply.

I shall be much obliged if this matter receives your special attention as the maintenance of the purity of the water supply is of so much importance.

Thanking you,

Yours faithfully,

Enclosures No.

General No. 1555
No.

His docket No. 847/90 dated the 13th September 1900 forwarding for early report copy of letter No 4433-460/90 dated the 4th September 1900 from the 1st Assistant to the Resident to the Dewan of Mysore regarding the Police required for the Hessaraghatta Station.

With reference to the above, has the honour to state that the extent

extent of the land to be patrolled by the propose Police force is 50 miles as follows:—

1. The whole of the catchment area of the Hessarghatta tank including the bund of the tank and also the Kadol and Byatra tanks which is in all about 30 miles in length. [Five Constables are proposed to be deputed for this.]

2. The delivery channel from the tank to the military water works in Tarabanahalli and the pumping station at Soldenahalli and the Hand tank at Chikkbanavar. The length of this is about 5 miles. [Two constables are proposed to be deputed for watching this]

3. The pipeline from the Hand tank at Chikkbanavar to the filter works near Yeswantapur and the pipeline from the Tarabanahalli water works to the Civil and military station which are about 15 miles in length. [Two constables are proposed to be deputed for patrolling this.]

2/

4. One constable has to be deputed to watch the Military water works and the Quarters of the Officers and men Connected therewith in Tarabinahalli

5. One constable has also to be deputed for the watching of the pumping Station and the quarters of the officers and men in Soldenahalli.

6. the remaining one constable will be in waiting at the Police Station.

7. The patrol of such a large area has necessarily to be supervised by a responsible Police officer of the status of a Jamedar, and a Daffedar is indispensable for the management of the force when the Jamedar is engaged in holding inquests

or

on investigation and in the detection of cases.

Hence the proposal for one Jhamedar, one Daffedar and 12 Constables.

for Secy

settle this in personal conference with the Deputy Commissioner and the Police Assistant Superintendent and report for the information of Government, after the proposal is sanctioned.

2. It will be convenient to have two Stations, the Head Station near the pumping Station at Soldenhalli or Tarabanahalli and the other Sub-Station at Heserghatta. The patrol of the catchment area, the Tank Bund and the open channel up to the Pumping Station will be assigned to the Sub Station under the charge of the Duffedar while the remaining beats will be comprised within the Head Station

3. It should also be observed that no provision has been made by the Deputy Commissioner for the Station Houses, lines for the constables, office contingencies and cost of their uniforms. I shall obtain an estimate of the probable cost of these items from the Deputy Commissioner and submit the same for the information of Government at an early date.

4. I beg also to submit for the consideration of

of Government that as the Head Offices of the water works of the Durbar as well as of the Civil and Military Station are situated at Bangalore, it will facilitate official — work if both Police and Magisterial jurisdiction of the area comprised in these proposals could be assigned to the Bangalore Taluq.

I have the honor to be,

From

THE INSPECTOR GENERAL OF POLICE IN MYSORE.

To

THE SECRETARY TO THE GOVT. OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS.

Sir,

With reference to your docket No: 5334 / J.602 dated the 19th ultimo, I have the honor to state that as proposed by the Deputy Commissioner, Bangalore District, in his docket No: 153 - dated 21. 9. 1900, copy of which was forwarded with my letter No: 1172/130 dated 28. 9. 1900, the lands surrounding the several tanks of Kakol and Byrala should be patrolled in addition to that of Hessarghatta, and that the distance of the beat cannot, according to the sketch enclosed, be less than 20 miles. The Public Works Department maintains a gang of watch men

men to attend to the conservancy of the Tanks and the grass lands in the vicinity. But as they cannot be expected to be responsible for the Police patrol of this area, separate police beats have to be arranged for.

The other stations and lines to be patrolled are also given in the same sketch and the extent is accurately given in the Deputy Commissioner's letter.

With reference to my remarks in para I, I beg to enclose copies of the Deputy Commissioners letter No: 223 dated 25.10.1900, memo drawn by the Superintendent of Police, and a proposition statement giving the cost of this establishment under the various heads.

The annual charge for establishment, Contingencies and clothing will amount to Rs 2077-0-0 as per margin while the outlay on the stations and lines and the estimated cost of furniture which is not a recurring charge, will be about Rs. 7600/-

Establishment Rs 1962-0-0

Deputy Inspector General of Police.

S.J.

Etono 15-77/17
dt 3-11-1900

District Police Office
Bangalore
Dated 28-th oct 1900.

Memorandum.

Adverting to para 3 of the Inspector General's letter no: 1360/15-8 dated the 15th October 1900. to the Secretary to the Government of Mysore re the requirements of the Police Force proposed for the Hessargatta water works, the undersigned begs to propose to have a Head Station consisting of one Jamedar and seven Constables between Tarabanahalli where the Civil and Military Station water works are located and Soldanahalli where the Durbar water works are located and a Sub-Station consisting of one Duffedar and five Constables at the Hessargatta Cauth near the village of Dwarkhandapur.

2. Quarters for one Jamedar and seven Constables will therefore have to be built close to the Head Station and for one Duffedar and five Constables close to the Sub-Station. A rough Sketch shewing the positions and distances of the proposed stations with reference to the tank and the pipe-lines is herein enclosed for information.

3. Provision has to be made for the Contingent expenses of the Stations. For this purpose the Head Station may be classed as a second class head Station and the Sub-Station as a first class Sub Station as per Inspector General's Circular No: 290 dated 18th July, 1899 and the monthly charges will accordingly be Rs 5/- for the Head Station and Rs 1/8/- for the Sub-Station or Rs 6/8/- in all.

4. As

4. As regards uniform for the Police Officers and men, it is necessary that they should be supplied with both serge and Khaki suits at once and afterwards with Khaki and serge uniform in alternate years as per scale laid down by the Inspector General. The Stations have also to be supplied with furniture.

5. A statement shewing the probable cost of all the above items is herewith attached for approval.

(sd.) L. Krishna Rao,
Asst. Supdt. of Police,
Bangalore District.

Please write
fair draft
in Tamil
KK

together with Extracts
from docket No
155 of 2nd Sept 1/00
from the Dy. Comm.
Bangalore D.
from which it will
be seen that the
lands to be patrolled
by the proposed
Police force comprise
(1) the catchment
area of the Kesargatta
tank as well as the
lands surrounding
the Kakol & Byala
tanks (2) the whole
length of the delivery
channel from the
Kesargatta tank to the
Hebbal Water works

in Jarabanahally
and at the Stand
tank at Chikbanavar
past the pumping
station at Sidlaghatta
and (3) the pipe line
from the Stand tank
at Chikbanavar to
the filter works near
Yogavanipal as well
as the pipe line from
the Jarabanahally
Water works to the
Civil & Military
Station, thus making
a distance a round
about 50 miles
of Police beat. The
Military Water works
and the Staff quarters
at Jarabinahally

as well as the Pumping
Station and the Staff
quarters at Soldiersmarket
have also to be brought
under Police patrol.

2. The proposed Police
force as already stated
in my letter No. 2653/280
of 21st August 00
consists of

1. First grade Jamadar
1. Lance Dafadar
4. First Class Constables
8. Second

This will take the place
of the present temporary
force of the marginally
noted strength and will

1. Lance Dafadar
8. First Class Constables

be located partly in
a H.P. Station which
is proposed to establish
between Jarabanhalli
& Soldevanhalli under
the charge of the
Gaudder and partly
in the S.B. Station &
be opened near Jarabanhalli
-Kendapura in charge
of the dance d'effedar
from the details given
in the proposition
statement furnished
by the G. S. I. will
be seen that the annual
charge on account
of the proposed force
including contingencies
cost of clothing amounts
to

amounts to Rs. 207
while the estimated
outlay on Station
buildings & lines,
and on furniture,
which is not a re-
curring charge
will amount to
another 7,600 Rs.
in round numbers.

3. I am directed
to request that the
Durbar may be
kindly informed
whether these pro-
-posals are agreeable
to the Hon'ble the
Resident in Dindi

case the costs will be apportioned in the usual manner as stipulated

the cost being apportioned under the conditions of paragraph 3 of the Memorandum of Agreement read with your letter No. 907 of the 5th March 197 I have the

Secretary
